

VIR-AVOID™

PROTECTIVE TABLE COVER SET

Protect your treatment table with a disinfectable, protective barrier that is also light-weight and soft to the touch. The Earthlite Vir-Avoid™ Table Cover makes disinfecting and protecting your massage and spa treatment table quick and easy. We've taken a stretchy 100% polyester knitted jersey fabric and coated it with a water-proof and chemical resistant 100% PU barrier to make a soft, quiet and protective layer to cover your fleece pad, warmer, crescent cushion and table.

This cost-effective cover will extend the life of your upholstery, fleece and warmer. The two-piece set consists of a fitted table and crescent cushion covers, constructed with quality stitching and elastic seaming. Fits most standard treatment tables up to 35". Made by Earthlite, the World's leading brand in Massage since 1987.

Complete Fitted Set
Available as complete set (sheet + facepillow cover) and single facepillow cover

- **EASY TO DISINFECT PROTECTIVE COVER**

The stretchy polyester cover with 100% PU top coating provides an easy to disinfect protective barrier. Eliminates need to wash fleece pad and warmer after each use.

- **WATER-PROOF AND CHEMICAL RESISTANT**

100% PU coated material protects your table from pathogens, moisture, and harsh chemicals. Use your preferred disinfectant.

- **SOFT, QUIET, HYPO-ALLERGENIC**

Our stretchy 100% polyester jersey base layer makes the Vir-Avoid cover soft to the touch, cool, and quiet. Hypo-allergenic. Phthalate free.

- **COMPLETE FITTED SET**

Includes both fitted table and crescent cushion covers. Quality stitching and elastic seaming provides a snug fit for treatment tables up to 35" wide. FacePillow cover is also available individually.

CLEANING INSTRUCTIONS:

- For Normal Care: Wash in hot or cold water, and tumble dry low.
- For Disinfecting and Tough Stains: We recommend a 1:10 bleach/water-based solution. Avoid saturating or soaking the fabric with cleaner or disinfectant. Rinse with clean water after exposure to eliminate residue and gently dry with a soft cloth.

Easy to Disinfect

Vir-Avoid protective cover is soft to the touch, cool, and quiet. Hypo-allergenic. Phthalate free.

Water-Proof & Chemical Resistant

100% PU coated material protects your table from pathogens, moisture, and harsh chemicals used for disinfecting.

Snug & Secure Fit

Quality stitching and elastic seaming provide a snug fit for most crescent cushions.
